

Magnetic Mounts and Clips

Versatile, reusable and tool-free cable management solutions

MADE FOR REAL[®]

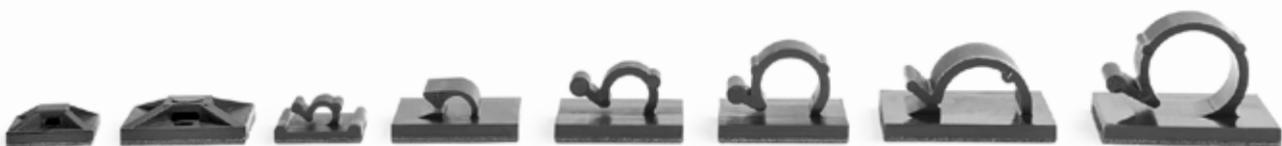

Our new and innovative magnetic solutions bring flexibility to your cable management needs. Ideal for both temporary and permanent setups.

The magnets make installation fast and simple, no tools, screws, or adhesives are needed. This not only saves time but also reduces effort, making them perfect for dynamic environments where cable configurations change frequently. Their reusability ensures cost-efficiency over time, as they can be repositioned multiple times without losing effectiveness.

- **Quick and easy to use for light duty applications, even on challenging surfaces like slightly dirty areas where adhesives fail**
- **Reusable, leaving no residue behind**
- **Versatile use, for a wide range of applications where metal is the primary material**

The flat, compact and light-weight design of magnetic mounts allows them to fit into tight spaces. Magnetic Clips from HellermannTyton are available in bundle diameters from 3.0 up to 13.0 mm to accommodate various cable diameters. Magnetic Mounts come in two sizes.

Magnetic Mounts and Clips are highly versatile and adaptable, making them suitable for a wide range of markets and light duty applications. Examples include:

- Enclosures and electrical cabinets
- Attaching cable to the outside of metal channel, trunking, cable tray or racking
- Securing a power cable to the back of an appliance
- Cable management around workstations and under desks
- Cable management in data stations
- Quick and easy to use in temporary installation, durable to support long term applications

MAGRA-Series

TYPE	Width (W)	Length (L)	Bundle Ø max.	Material	Colour	Article-No.
MAGRA3	13.0	13.0	3.0	PA66 NDFEBR5	Black (BK)	151-04466
MAGRA6	19.0	19.0	6.0	PA66 NDFEBR5	Black (BK)	151-04468
MAGRA9	19.0	19.0	9.0	PA66 NDFEBR5	Black (BK)	151-04467
MAGRA13	25.0	25.0	13.0	PA66 NDFEBR5	Black (BK)	151-04465
